Investment Objective and Policy

The investment objective of the Sub-Fund is to achieve, over the long-term, the potential for a level of return in excess of inflation, and commensurate with a cautious investment strategy through the investment primarily in transferable securities, exchange traded funds as well as CISs. The Investment Manager shall invest primarily in a diversified portfolio of (a) transferable securities including equities as well as sovereign and/or corporate bonds and notes, (b) listed exchange traded funds, and (c) listed/un-listed CISs that invest predominantly in equities and/or bonds.
